***note time change**

Participate in the ecological restoration of Los Cerritos Wetlands and explore our new land 100 acre wetlands acquisition on the Hellman Ranch in Seal Beach!

Los Cerritos Wetlands occupy habitat in two cities & two counties. Our community-based programming is focused on restoring & bringing awareness to 166 acres of wetlands currently owned by Los Cerritos Wetlands Authority. There are various programs in the wetlands & different meeting points based on the activity (**see map on opposite side**).

We provide service-learning credits at all events. Please contact us if you need further directions or have any questions. The wetlands are wildlands; please dress accordingly for all events. Closed toed shoes required. In our effort for conservation, we will provide water, but all events are water-bottle free events. We encourage reusable water containers.

Children under 14 must be accompanied by an adult.

For questions contact:
